

1 50804/JEJ/A484

ABSTRACT OF THE DISCLOSURE

5 An apparatus for dispensing cylindrical objects and loose  
coins having a case, a cylindrical object dispenser positioned  
inside of the case, a loose coin dispenser positioned inside  
of the case; and a central controller electronically coupled  
to the cylindrical object dispenser and the loose coin  
dispenser, the controller controlling both the operation of  
10 the cylindrical object dispenser and the operation of the  
loose coin dispenser.
